

GREATER FOUNDATIONS23

Building **career-based** classroom learning

ACTIVATE industry skills in your classroom
EMPOWER your students for the real-world
ACCELERATE 'future-ready' learning

At Greater Foundations 23, you'll hear directly from local industry leaders about the skills and mindset needed for the jobs of today – and tomorrow.

Curriculum expert **Nicole Dyson from Future Anything** will empower you and your colleagues to unlock future-focussed pathways that guide students from classrooms to 'new' careers in the Greater Whitsunday region.

This innovative event will open your mind and transform your thinking about the real-world opportunities for our region's students – and the role you play in helping them reach their potential!
